

2020 City Nature Challenge Virtual iNaturalist Trainings for Texas

April 11, 2020 from 9:30 am to 12:30 pm CST

Host: Texas Nature Trackers

Instructor: Dr. Tania Homayoun, Texas Parks & Wildlife Department

WebEx meeting invitation: iNaturalist Training Workshop

Saturday, April 11, 2020

9:30 am-12:30pm | (UTC-05:00) Central Time (US & Canada)

If you have not used WebEx before, please start the login process at least 10 minutes before the workshop to allow time for installing the WebEx desktop app on your computer.

In order to keep streaming as smooth as possible, we recommend that, whenever possible, participants join the meeting to see the slides on screen but access the audio via their phones rather than through the computer.

April 15, 2020 from 1:00 pm to 2:00 pm CST

Host: The Nature Conservancy in Texas (TNC) and Houston Museum of Natural Science (HMNS)

Instructor: Jaime González, The Nature Conservancy in Texas

Description: Join TNC biologist Jaime González will provide tips and tricks for using the iNaturalist app to observe and document flora and fauna in your local region. This will be a live Zoom event streamed directly from Jaime's native-landscaped yard in Houston, TX. He'll also provide a brief introduction to the 2020 City Nature Challenge and how citizen science data collected through iNaturalist is transforming the way we look at ecosystem management.
